

Dr. Drs. Kusmardi, MS

DEPARTMENT OF ANATOMICAL PATHOLOGY
FMUI

email : kusmardis@gmail.com

RESEARCH INTEREST

- Biomedicine
- Immunopathology

ACADEMIC BACKGROUND

INSTITUT PERTANIAN BOGOR

Doctoral | Animal Biomedical Science (2014)

UNIVERSITAS INDONESIA

Master | Biomedical Sciences (1999)

UNIVERSITAS INDONESIA

Bachelor | Biology (1988)

CURRENT POSITION

- Lecturer

ACHIEVEMENT

- Satya Lencana X Year Award
- Satya Lencana XX Year Award

PUBLICATION

- Association between SOX2 and OCT4 expression and the chemoradiation therapeutic response in undifferentiated non-keratinizing nasopharyngeal carcinoma
- Anti-Inflammation of Soursop Leaves (Annona muricata L.) Against Hemorrhoids in Mice Induced by Croton Oil
- Anti-Inflammatory Effect Of Ethanol Extract Of Mahkota Dewa [Phaleria Macrocarpa (Scheff. Boerl.)] Leaves In Mouse Colitis Induced By Azoxymethane (Aom) And Dextran Sodium Sulfate (Dss): Focus On Rectal Tissue
- Potential Of Ethanol Extract Of Mahkota Dewa Leaves (Phaleria Macrocarpa (Scheff.) Boerl.) To Inhibit Inflammation In Mouse Distal Colon Induced By Dextran Sodium Sulfate (Dss) And Azoxymethane (Aom).
- Accelerating Convolutional Neural Network Training for Colon Histopathology Images by Customizing Deep Learning Framework
