

dr. Nur Rahadiani, PhD, SpPA(K)

DEPARTMENT OF ANATOMICAL PATHOLOGY  
FMUI

email : [nur.rahadiani@ui.ac.id](mailto:nur.rahadiani@ui.ac.id)

### RESEARCH INTEREST

- Gastrointestinal and hepatobiliary cancer
- Molecular pathology
- Pediatric pathology
- Salivary gland and oro-maxillofacial Pathology

### ACADEMIC BACKGROUND

#### UNIVERSITAS OSAKA

Doctoral | (2011)

#### KOLEGIUM PATOLOGI INDONESIA

Specialist-2| Anatomic Pathologic (2018)

#### UNIVERSITAS INDONESIA

Specialist-1| Anatomical Pathology (2016)

#### UNIVERSITAS INDONESIA

Bachelor| Medical Doctor (2004)

### CURRENT POSITION

- Research Coordinator in Anatomical Pathology Department
- Lecturer
- Medical Staff / Pathologist Consultant

### PUBLICATION

- [The low prevalence of colonic serrated adenocarcinoma with high KRAS mutational status at Cipto Mangunkusumo Hospital, Indonesia](#)
- [The Correlation of KRAS Gene Expression and P53 Immunoexpression In Colorectal Adenocarcinoma](#)
- [Survival Analysis of Palliative Surgery of Advanced Stage Periampullary Cancer](#)
- [Segmental Absence of Intestinal Musculature Case: Report of A Rare Cause of Neonatal Intestinal Obstruction](#)
- [Extragenital yolk sac tumor following congenital buccal mature cystic teratoma](#)
- [Liver Metastasis of Malignant Pilomatrixoma: Devastating Outcome from A Possibly Under-Treated Case](#)
