

dr. Vivian, Sp.FK, Ph.D.

DEPARTMENT OF PHARMACOLOGY AND  
THERAPEUTIC FMUI

email : [vivian\\_09st@yahoo.com](mailto:vivian_09st@yahoo.com)

### RESEARCH INTEREST

- -

### ACADEMIC BACKGROUND

#### NIIGATA UNIVERSITY

Doctoral | Pharmaceutical Sciences (2013)

#### UNIVERSITAS INDONESIA

Master | Clinical Pharmacology (2008)

#### UNIVERSITAS KATOLIK INDONESIA

#### ATMA JAYA

Bachelor | Medical Doctor (2000)

### CURRENT POSITION

- Secretary of the Collegiate of Clinical Pharmacology
- Secretary of Clinical Pharmacology Study Program FMUI
- Treasurer of the Association of Clinical Pharmacology Specialists FMUI
- Lecturer

### PUBLICATION

- Cardioprotection mechanism of mangiferin on doxorubicin-induced rats: Focus on intracellular calcium regulation
- The effect of Mastin® on expression of Nrf2 in the rat heart with subtotaly nephrectomy chronic Kidney disease model
- Andrographolide does not protect against neuroinflammation in a Parkinsonism model: Focus on tumor necrosis factor alpha
- Associations between the adverse drug reactions and the tuberculosis treatment dropout rates at the Cempaka Putih Islamic Hospital in Jakarta, Indonesia
- Alpha-mangostin improves cardiac hypertrophy and fibrosis and associated biochemical parameters in high-fat/high-glucose diet and low-dose streptozotocin injection-induced type 2 diabetic rats
